**PETITION FOR WITHDRAWAL OF HOLDING OF ABANDONMENT**  
**Pursuant to 37 CFR 1.181 and MPEP 711.03(c)II**

Applicants respectfully petition the Office pursuant to 37 CFR 1.181 and MPEP 711.03(c)II for withdrawal of the Holding of Abandonment stated in the Notice of Abandonment mailed herein 18 March 2002. Applicants did not receive the Office Action mailed herein 24 May 2001 (the "Non-received Office Action"), and therefore were unable to respond to that Office Action prior to the deadline stated therein. Attached hereto is a copy of the cover sheet of the Non-received Office Action, received from the Office by facsimile 15 April 2002, at the request of Applicants' attorneys. The cover sheet indicates that at the time of its mailing the Non-received Office Action was directed by the Office to a Clyde Wallace, 5241 Savoy Ct., Cape Coral, FL 33904. This individual and address are known to neither Applicants nor their attorneys. No Clyde Wallace is of record in the application herein.

Applicants request that the Non-received Office Action be re-issued, and the date for response thereto be reset from the date of re-mailing of such re-issued Office Action.

Pursuant to MPEP 711.03(c)I, no fee is required in connection with this Petition. In the event that the Office determines that any fee is due as a result of the filing of this Petition, the Commissioner is authorized to charge such fee to Deposit Account No. 02-4270.

In view of the fact that the Non-Received Office Action was mailed to an unknown third-party, and appears to be an Office mistake, no further information seems to be necessary. However, per the guidelines in MPEP 711.03, the following additional information is supplied.

The undersigned attorneys-of-record filed the application herein on behalf of Applicants 12 December 1999; completed filing of formal documents, including the Declaration, 13 July 2000; filed an Information Disclosure Statement 20 July 2000; a status inquiry 18 March 2001; and a Supplemental Information Disclosure Statement 17 August 2001. No response to the status inquiry, nor any other official action, was received by Applicants until the Notice of Abandonment mailed 18 March 2002.

On 7 June 2001, two weeks after mailing by the Office of the Non-received Office Action, Applicants' attorneys informed the Office in writing of a change in their correspondence address, and requested all future correspondence be directed to their new address. A copy of the letter informing the Office of the change of address and requesting direction of future correspondence to the new address is attached hereto. This copy is stamped as received during June 2001 by both the Office of Initial Patent Examination and by the Technology Center 2100.

The Office Action cited as the basis for the Notice of Abandonment (*i.e.*, the Non-received Office Action) was not received by the undersigned attorneys-of-record. A search of the file jacket and docket records indicates that the Office Action was not received.

Attached hereto is a copy of a docket report, created by the computer docket system program used by Applicants' attorneys, in which the Non-received Office Action would have been entered had it been received by Applicants' attorneys. In particular, a copy of a docket report showing all replies docketed for the date three

months from the mail date of the Non-received Office Action, or 24 August 2002, is attached, in accordance with "Withdrawing the Holding of Abandonment When Office Actions Are Not Received," 1156 OG 53 (16 Nov. 1993). The Non-received Office Action is not shown in the report because it was not received by Applicants' attorneys.

The docketing procedure used by Applicants' attorneys comprises assigning a unique internal "reference," or docket number, for each patent application. For each filed patent application, a docket clerk enters into a computerized docket system pertinent information relating to the patent application, including the internal docket number, the title of the application, and the filing date. All correspondence received from United States Patent and Trademark Office is delivered to the docket clerk, who inputs information regarding the correspondence into the computerized docketing system. For an office action, the clerk enters the date of the office action and the response period set within the action are entered. The computerized docket system automatically computes and posts response dates for the shortened statutory term as well as extensions up to the full statutory term. The docket clerk then stamps, dates and initials the correspondence, and then forwards it together with the associated file to the responsible attorney. The docket clerk provides to each attorney in the patent group a weekly status docket report listing cases with upcoming due dates for which that attorney has responsibility. Each report lists pending responses required and their associated due dates.

As shown in the upper right hand corner of this Petition, and as correctly echoed on Office correspondence, including the filing receipt, Non-received Office Action, and Notice of Abandonment, the docket number assigned by Applicants' attorneys to this case is 3524/05. This number appears nowhere in the "REFERENCE #" column on the left hand side of the attached docket report.

The undersigned is assigned to the application herein as a responsible attorney. He has never seen any office action notation in any docket report for this application, nor any copy of an office action issued in this case until receipt of initial portions of the Action faxed to his office by Examiner Kyle 2 April 2002.

a complete copy of the previously-issued Office Action on 15 April 2002. Applicants have filed this Petition at the very earliest possible opportunity, after diligent effort in investigating the circumstances surrounding issuance of the Notice of Abandonment, in obtaining a copy of the previously-issued Office Action, and in preparing this Petition. In any event, Applicants file this Petition prior to expiration of the 2-month period set by 37 CFR § 1.181(f).

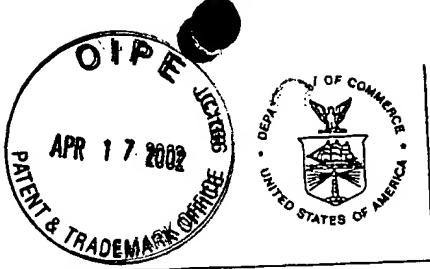

Applicants request that any questions concerning this Petition be directed to the undersigned at (212) 895-2906.

Respectfully submitted,
